Mr. Michael Reynolds, Acting Director
National Park Service
Department of the Interior
1849 C Street, NW
Washington, DC 20240

Dear Acting Director Reynolds:

This is the report from the Statue of Liberty-Ellis Island Foundation for the quarter that ended on September 30, 2017.

I am very pleased to report that The Statue of Liberty Museum project is well-underway. The basement and most of the first floor are in place. The building should be enclosed by February 2018 so work can be done inside.

The money for the museum project has been raised; however, the campaign includes landscaping and the security screening building on Liberty Island and that money is still being raised.

While the Foundation’s endowment had paid for the architectural plans for the security screening building on Liberty Island, the building itself was to be done by the Park. However, in order to have the building in place by the time of the museum’s opening; the Foundation has agreed to make The Security Building a part of The Statue of Liberty Museum Project.

We are pleased to report that our 2017 Heritage Awards will be given to The Tisch Family, Robin Roberts and Kareem Abdul-Jabbar. David Muir, anchor of ABC Evening News will be our emcee.

Finally, we are very pleased to report that Timothy M. Sweeney, Executive Vice President and President of Global Consumer Markets of the Liberty Mutual Company, has joined our board.

Sincerely,

Stephen A. Briganti

Dear Nadia,

Long-lost ancestors ... hope-filled voyages across a great sea ... dreams of a new world.  

It's not something out of a storybook – these are real life stories of immigrants told every day at Ellis Island!

As a dedicated member of The Statue of Liberty-Ellis Island Foundation, you help bring these immigrant stories to life on Ellis Island at the American Family Immigration History Center and the Peopling of America Center. At the same time, your generosity helps preserve and protect the Statue of Liberty, so millions of visitors can still discover her message of freedom and opportunity for all.

Now, I want to say thank you – with two great gifts! I’ve enclosed your personalized address labels, featuring beautiful photos of Lady Liberty and Ellis Island ... and as an added thank you this year, I’m also sending you a specially-designed Statue of Liberty notepad!

Already this year, millions have visited Lady Liberty and Ellis Island. While some come to see Lady Liberty, perhaps for the first time, others come to explore their own family stories – like Marita who immigrated to the U.S. when she was 8 years old.

Born in Germany during World War II, Marita and her family were sponsored by a Methodist Church to come to America. When she visited this summer, Marita shared her memories of bunk beds and lifeboat drills aboard the ship. Most powerfully, she recalled the day of her arrival: “We were woken up at five in the morning to people shouting for us to get on deck quickly so we could catch our first glimpse of America – sailing past the Statue of Liberty!”

Nadia, your support preserves millions of immigrant stories like Marita’s, and helps protect and restore these extraordinary monuments for future generations. Please, accept the gifts I’ve enclosed as our thanks for your generosity. And because I know you value this work, I hope you will return a special contribution of $10, $15, or even more today. Thank you, for your past – and future – friendship.

With immense appreciation,

Stephen A. Briganti, President and Chief Executive Officer

P.S. Please know that your support is critical while construction of the future Statue of Liberty Museum continues on Liberty Island! Your support will allow us to continue to protect the Statue of Liberty and Ellis Island, even as this major project advances.

Your additional support today will ensure that our construction teams can keep construction of the museum on track—and at the same time, help us protect Lady Liberty and Ellis Island.

Alanna, as one of the earliest supporters of the new Statue of Liberty Museum, you are part of a 130-year-old American tradition.

In 1885, when funding problems stalled the construction of Lady Liberty’s pedestal, the American people rallied together. Every penny, nickel, and dime that could be spared poured in, and as Liberty’s pedestal was completed, a new tradition of public support was born.

Inspired by this history, The Statue of Liberty-Ellis Island Foundation, Inc. was established in 1982 to preserve and protect the Statue of Liberty and Ellis Island. Since then, public support has helped:

- Complete a crown-to-pedestal restoration of Lady Liberty …
- Rehabilitate and re-open Ellis Island and build the National Museum of Immigration …
- Build the American Immigrant Wall of Honor®, honoring over 700,000 immigrants …
- … and so much more!

Now, with your help, we are building the new Statue of Liberty Museum!

Please, accept the enclosed Founders card, and carry it with pride. Then, if you’re able to do so, please consider an additional contribution to help continue construction of the museum, and support the Foundation’s most important work!

In gratitude,

P.S. Remember, your Founders recognition in the museum will reflect your total giving to the Statue of Liberty Museum through opening. Plus, if you give $35 or more today, you will receive our new, American-made Statue of Liberty Museum tote—designed uniquely for Founders (that’s you!).

Dear Friend,

As a Founder, you've been essential in our efforts to build the new Statue of Liberty Museum — so I wanted to share this construction update with you.

During excavation, our construction team encountered significant challenges. We knew that building the museum's foundation would require re-locating many underground utilities, but we didn’t expect to run into obsolete infrastructure and concrete barriers that had been buried and forgotten.

Thanks to you, our construction team had the resources they needed to overcome these challenges.

And now, we are beginning a very exciting phase: raising the panels that will make up the exterior of the Museum!
Will you help us continue construction with an additional gift right now?

BUILD THE MUSEUM

Remember, your additional gift today (and any other museum gifts you make before opening in 2019) will be reflected in your final recognition inside the museum. And, if you’re able to give $35 or more today, you will receive our new Statue of Liberty Museum tote bag—designed exclusively for our Founders (that’s you!).

We still have a great deal of work to do before construction is finished—completing the exterior, pouring the floor, securing the glass that will surround Liberty’s original torch, and so much more. But I know we’ll be able to meet every challenge, with your continued support!

Donate now—keep construction moving forward!

Together, we will tell Lady Liberty’s story to millions more visitors when we open the new Statue of Liberty Museum in 2019.

Sincerely,

Stephen A. Briganti

BUILD HER MUSEUM
(and claim your tote)

The installation of these panels is the first in a series of steps to complete the exterior of the museum. Our construction team will be erecting many more of these panels, some of which can weigh up to 80,000 pounds each — that’s as much as six elephants!

With your help, this museum won’t just be a vision—it will become a reality. Thank you for the generosity you’ve shown, and for the support you continue to give.

In gratitude,

Stephen A. Briganti
